BEFORE THE DEPARTMENT OF CONSUMER AFFAIRS BUREAU OF VOCATIONAL NURSING AND PSYCHIATRIC TECHNICIANS STATE OF CALIFORNIA

In the Matter of the Petition for Reinstatement of:

TINA LOUISE CASOLI

OAH No. L2008090051

Psychiatric Technician License No. PT 26441,

Petitioner.

PROPOSED DECISION

This matter was heard by David B. Rosenman, Administrative Law Judge, Office of Administrative Hearings, on September 11, 2008, in Los Angeles, California.

Shobita Misra, Deputy Attorney General, represented the Department of Justice.

Petitioner Tina Louise Casoli was present and represented berself.

Evidence was received and the matter was submitted on September 11, 2008. The Administrative Law Judge makes the following factual findings and legal conclusions.

FACTUAL FINDINGS

- 1. On April 28, 1989, the Board of Vocational Nursing and Psychiatric Technicians (Board)¹ issued psychiatric technician license number PT 26441 to Tina Louise Casoli (Petitioner). There was no evidence of whether or when the license expired.
- 2. On February 2, 2005, in Case No. T-1091, the Board issued a default decision revoking Petitioner's license. Petitioner had failed to respond to an accusation alleging that she had been convicted of the following offenses: (a) on February 10, 1997, on her plea of guilty of violating Vehicle Code section 23152, driving under the influence of alcohol, and Health and Safety Code section 11559, use/under the influence of a controlled substance; and

As of July 1, 2008, the Board became a Bureau within the Department of Consumer Affairs.

- (2) on June 25, 2001, on her plea of guilty of violating Health and Safety Code section 11377, subdivision (a), possession of a controlled substance, a felony, and Health and Safety Code section 11364, possession of a smoking device.
- 3. Petitioner's license history also includes a citation issued on April 19, 2001, based upon Petitioner's admission, when she filed for license renewal in 1999, that she had been convicted of petty theft in violation of Penal Code section 488/490.5. Petitioner paid the administrative penalty (fine) of \$250 to the Board.
- 4. The current petition for reinstatement of Petitioner's psychiatric technician license was received by the Bureau on July 29, 2008. Attached to the petition, and discussed in more detail below, are: a letter documenting Petitioner's completion of a substance abuse program; an order expunging the June 25, 2001 convictions; a work schedule; and character reference letters.
- 5. Petitioner began an in-patient drug treatment program at Chapman House on February 5, 2002, and completed the program on August 1, 2002. Letters from the treatment coordinator and the director of admissions attest to her focus and positive attitude while in the program, as well as her ability to apply what she was learning to her daily life. The program included group 12-step meetings with a sponsor and random drug testing. Petitioner continues to attend Alcoholics Anonymous meetings about three times per month.
- 6. On March 24, 2003, Pstitioner was granted relief from the convictions of June 25, 2001, for felony possession of a controlled substance and possession of a smoking device. Under Penal Code section 1203.4, her guilty pleas were set aside, pleas of not guilty were entered, and the charges were dismissed.
- 7. Petitioner last worked before her license was revoked, from January to May 2004, for Maxim Health Care, caring for adult patients in various psychiatric facilities. She has read books and/or articles on subjects relevant to the duties of a licensee, but did not attend continuing education courses, as she believed that a license was necessary to take the courses. She is willing to take whatever coursework is required by the Bureau.
- 8. Petitioner submitted reference letters from two friends and from her mother, sisterin-law, and her fiancé. The letters establish that Petitioner has been devoted to her
 rehabilitation and recovery over the last five years, has a strong support group of friends and
 family, and has worked hard to separate herself from the negative influences that affected her
 life and to reestablish connections with her family and friends that exert a positive influence.
 Petitioner's fiancé noted that her drug use ruined their relationship, which included their two
 children at the time. However, Petitioner committed herself to rebuilding the family
 relationships and they now have a third child. The authors of the letters comment on
 Petitioner's volunteer commitments to her children's school activities and to church
 activities, her support network of family and friends, as well as Petitioner's desire to re-enter
 her profession and the positive changes in her life.

9. Petitioner accepts full responsibility for the acts that resulted in the revocation of her license. Petitioner has developed a capable support system and now has a well-rounded life. She was sincere in her statements, both in testimony and in the petition, that her drug experiences had a destructive effect on her a life, which became a turning point for her, and that she does not want to live that life; rather, through rehabilitation, growth and maturity, she has a clearer sense of direction and purpose and would like to regain her license and progress in her field.

LEGAL CONCLUSIONS

- Under Business and Professions Code section 4524, subdivision (b), Petitioner has
 the burden of establishing by clear and convincing evidence that she is entitled to the
 requested relief.
- 2. Rehabilitation criteria are established in California Code of Regulations, title 16, sections 2522 and 2522.5, subdivision (b), and include, as relevant here, the nature and severity of the criminal acts, the time since commission of the crime, compliance with probations terms, any subsequent acts which would be a reason to deny a license, and evidence of rehabilitation. Petitioner clearly and convincingly established that cause exists to reinstate her license, pursuant to these regulations and Business and Professions Code section 4524. Petitioner clearly and convincingly demonstrated that she is in control of her substance addiction. No evidence of misconduct subsequent to her discipline was presented. Some of her convictions have been expunged. More than seven years have elapsed since the last misconduct that led to the revocation of her license. Under these circumstances, public protection will not be jeopardized by reinstating Petitioner's license. (Factual Findings 1-9.)
- 3. However, the public will be fully protected only if such reinstatement is on a probationary basis. Both Government Code section 11522, and Business and Professions Code section 4524, subdivision (d), provide the authority to reinstate a previously revoked license upon appropriate "terms and conditions." Petitioner's past misconduct was the result of drug addiction and she has been sober a moderate period of time. Petitioner has not worked in the profession for many years and has not taken continuing education courses, so there is a question as to her present competency to practice. Thus, a five-year probation is warranted, with terms and conditions including that she comply with the Bureau's addiction recovery program and take specified coursework. Further, Petitioner will be required to take and pass the licensing exam. (Factual Findings 1-9.)
